Governor Cooper,

My husband Pat & I strongly oppose any further permit approvals for the Atlantic Coast Pipeline. Please stand firm on rejecting permit applications and "expert" statements that do not adequately reflect the truth and good scientific data.

We believe this pipeline is not needed, would do serious environmental damage to the natural areas it is proposed to traverse, and is a project designed to enrich the pipeline developers and petroleum interests more than to serve the people of North Carolina.

Thank you.

Connie & Pat Toops
